

TENDER TECHNICAL SPECIFICATION

Product: PVC Insulated Electrical Cable

Technical Requirements

Parameter	Required Specification
Voltage	650-1100V
Conductor	Copper
Insulation	PVC
Conductor Size	2.5 sq.mm
Number of Cores	3 Core
Operating Temperature	-15 to 70°C
Flame Retardant	Required
Length	100 metres per coil
Applicable Standard	IS 694
Warranty	Minimum 2 years

Purpose: Supply of electrical cables meeting the above technical requirements for electrical installation work.

Note: Demonstration sample prepared for the StandardSense tender-analysis system.
