

TENDER TECHNICAL SPECIFICATION

Product: Energy-Efficient Ceiling Fans

Document Name: sample_electrical_appliance.pdf

Scope of Supply

Supply of energy-efficient BLDC (Brushless Direct Current) ceiling fans for electrical installations, including testing and commissioning.

Technical Requirements

Parameter	Required Specification
Rated Voltage	230 V AC
Sweep Size	1200 mm
Frequency	50 Hz
Motor Type	BLDC (Brushless DC)
Power Consumption	28 W - 32 W (Maximum)
Air Delivery	230 CMM minimum
Material	Aluminum blades with anti-dust coating
Applicable Standard	IS 374
Warranty	Minimum 2 years

Estimated Quantity: 500 Nos.

Note: Demonstration sample prepared for the StandardSense tender-analysis system.
